Statesman, Afflicted With Loss Sight, Tells Good Story Bearing on the Bubject.

Representative Schall, member of the house of representatives from Minnesota, is blind, and has been for ten years. During this time he says that he has discovered that the seeing world has strange ideas as to the limitations of the blind; that it seems to think because a man can't see be can neither bear nor feel, and is a strange, detached piece o human mechanism that is not to be reckoned with directly, but through the guiding

Not long ago Mr. Schall was returning from his home in Minneapolis to Washington, accompanied only by his small son Douglas. The first morning they appeared in the diner the walter assigned to their table inquired of young Douglas: "Son, what does your father want?"

"Why, ask him," quickly replied the child, "he knows what he wants. As for me, bring me pancakes and sausage and chocolate!"

Its Rays So Powerful That They Can Destroy the Useless or Diseased Tissue,

The use of radium in hospitals is becoming more and more demanded by the medical profession. The Scientific American, in telling of its medical and surgical uses, explains that it is a tool and not a medicine. The radium gives off three rays, known as the alpha, beta and gamma rays. The first, about 85 per cent of the total ray force, can be stopped by tissue paper; the second will penetrate 35 millimeters of lead, while the third has a vibrais The one used in surgery.

The rays are sent into the body, and so powerful are they that they can penetrate to a great depth, and there destroy the useless or diseased As the good tissue has a tissue. greater resistance than the had, the highly skilled operative can bear the gampia rays on the afflicted part until they begin to destroy the good tissue, when the treatment must stop.

LESSON FOR NOVEMBER 21

THE TWELVE SENT FORTH.

LESSON TEXT—Matt. 10.
GOLDEN TEXT—Then saith he unto his disciples. The harvest truly is plente-ous, but the laborers are few; pray ye therefore the Lord of the harvest, that he will send forth laborers into his harvest.—Matt. 9.27. 26. ADDITIONAL MATERIAL—Luke 9:1-6;

PRIMARY TOPIC-Jesus Sending Out

JUNIOR TOPIC—The Twelve Apostles INTERMEDIATE AND SENIOR TOPIC -Heralds of the King.
YOUNG PEOPLE AND ADULT TOPIC
-Recruiting Christian Workers.

Having set forth the laws of the kingdom in the sermon on the mount and his power to administer the affairs of the kingdom in the miracles of the eighth and ninth chapters, Matthew now sets before us the methods which the king adopted in the propagation of the kingdom. The following divisions of the chapter suggest the dispensational aspects of the lesson:

I. Instructions Bearing Immediately Upon the Apostles' Work to the Death of Christ (vv. 1-15).

In strictness of interpretation these teachings have no application to any later period.

1. The ministers chosen (vv. 1-4). These 12 humble men were chosen and commissioned for the work of the propagation of the kingdom. They were not commissioned with church truth. These 12 stood in a peculiar relation to-Israel.

2. The sphere of their mission (vv. 5, 6). They were only to go to Jews, and that to respectable ones. They had no message for gentiles or even Samaritans. After Pentecost this sphere was widened (see Luke 24:46-49; Acts 1:8). This would be a strange restriction to place upon ministers today, since the "middle wall of partition" was broken down by the death of Christ.

3. Their message (v. 7). "The kingdom of heaven is at hand." This meant that the promised kingdom of Israel was at hand, that Jesus Christ, the promised king, was present and ready to set up his kingdom if they were willing to have it. This differs widely from the message of the ministers today.

4. The supernatural authentication of their mission (v. 8). They were clothed with power to work wondrous miracles. These wonderful works were really done by the twelve. Where is the minister today who is so foolhardy as to try to fulfill this?

5. Their maintenance (vv. 9, 10). They were to make no provision for support, but to depend wholly upon the Lord who sent them.

6. Responsibilities of those to whom the message was delivered (vv. 11-15). Upon entering the city or town they were to inquire for a reputable place to stay. Into that home they were to bring peace. If the people would not receive them or hear their message, they were to pronounce judgment upon them, and the turning of the Lord from them symbolized by the ministers wiping the dust from their feet when turning from the people who had rejected their message.

II. Instructions Concerning the Testimony from Pentecost Onward (vv. 16-23). After Pentecost, testimony for Christ would be fraught with great danger. Both Jews and gentiles would assail the messengers with the most bitter persecutions. They were securged in the synagogues before beathen magistrates. Instead of bringing peace into the homes they brought divisions of the fiercest kinds strong families. In their defense they were to rely upon the Holy Spirit to aid them. These conditions were literally fulfilled in the period from Penbecost to the destruction of Jerusalem. Since the fall of Jerusalem no one has ever been scourged in a synagogue. Verse 23 seems to carry the work forward to the time of the preaching of the gospel of the kingdom in the tribulation times. The Lord's coming then is so speedy that their testimony is cut short.

III. Teaching Applicable in Ages (vv. 24-42).

The disciple has the position of oneness with his muster. He is to conrageously declare the whole counsel of God, though most violently opposed, knowing "that all things work together for good to them that love God." Though their testimony be met with the most bitter opposition, they should not be surprised or discouraged, for so completely is the Lord identified with his disciples that he accepts treatment of the disciples as treatment of him-
